For more details on any of the above, contact me at treasjoe@aol.com

Unfinished Business:

The bill purposed by FMDAC and MDAW went nowhere. Plans are being made to propose another bill toward the end of this year. I have appointed the Chapter Treasurer, Mark Jenkins, to work on this matter.

The Fish and Gold is under revision. Northwest Chapter Vice President, Bob Carstesen, is on this committee.

The F.M.D.A.C. Convention is coming up next week. I will be mailing out a report after I get back from there. In the meantime, I need your help. The person in charge of the web-site and the Quest editor have both been at there jobs less than a year. They are doing very good and want to do even better but in order to do so they need more material and are asking the Chapter President to supply it. I need you to give me information so I can give them articles on finds, charitable activities, kids clubs, club activities, fund raisers, teaching seminars or anything else as long as it is relative to our hobby. Don't just say they will not print it that was in the past. Give the new officers a chance and you will see even more changes for the better. Please send all your articles to me and I will forward them. Send them to PO Box 130, Pasco, WA 99301.

I know that this is short but I will have more in two weeks.

Lyle Thomas
FMDAC NW Chapter President
